Ultralight 3-1 Trailpack A backpack made for distance

The **3-1 Trailpack** is a 31 liter “roll top” frameless ultralight backpack designed with one main goal; we wanted no reason to remove the pack while hiking. Just grab your stuff, while you go.

3-1 Trailpack, 31 liter frameless Backpack

Roll top main body – 19" tall by 9" wide – Close with "Roll down" or "Dry bag" method. Total 26 liters.

Hook and Loop patch panel for moral patches & Molle lashing row for extra gear.

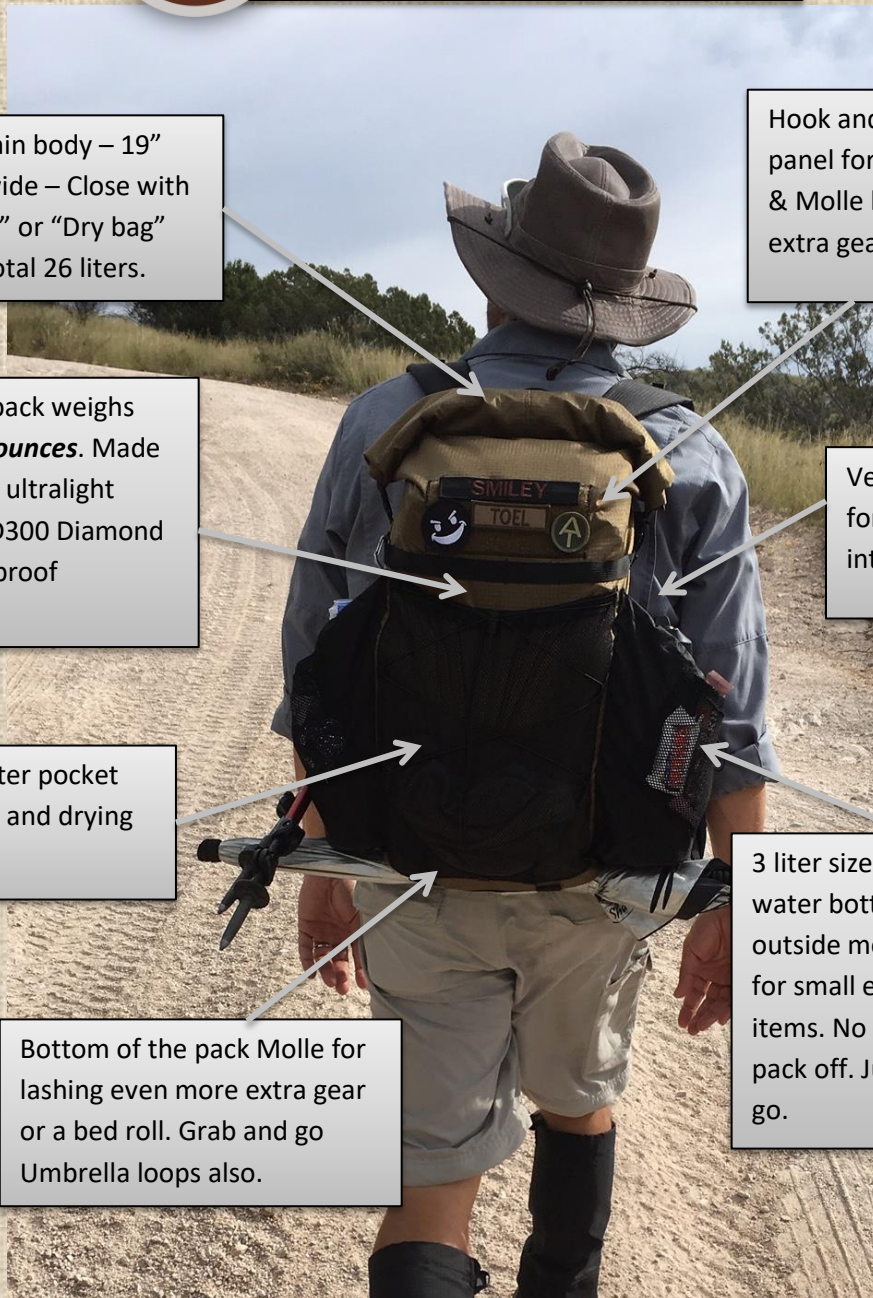

Unloaded the pack weighs approx. **14-15 ounces**. Made in super strong ultralight weight Hyper D300 Diamond Ripstop Waterproof Polyester.

Vertical "hidden" zipper for easy, reach around, interior pack access.

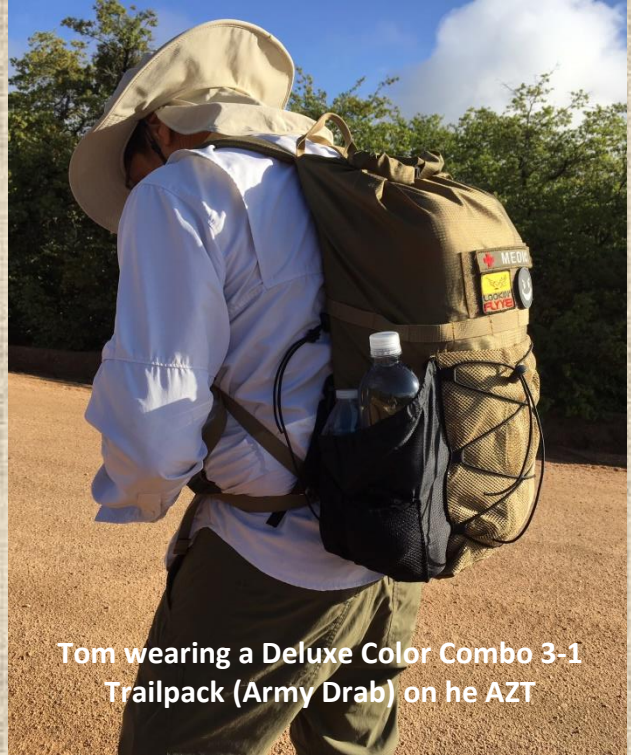

Large mesh outer pocket for easy access and drying wet items.

3 liter sized extra-large side water bottle pockets with outside mesh mini-pockets for small easy reachable items. No need to take your pack off. Just grab while you go.

Bottom of the pack Molle for lashing even more extra gear or a bed roll. Grab and go Umbrella loops also.

Designed on the Arizona Trail for long
distance day hiking or a UL 1-2 day overnight
